

Coursework

ENGL 846 JB | Spring 2013 | Christensen

Week 1 Announcements:

- Here is the [MyLabs Registration Sheet](#) you'll need in order to sign up for and log in to our MyLabs online reading portal, which I'll discuss in more detail with the class when we meet in the CALT Lab in the basement of building 2 this Thursday, Jan 17 (we'll meet at our regular classroom and all walk over together). According to the instructions on this registration sheet, you may purchase an access card with your unique student code from the bookstore on campus - ask them for it at the front desk - or you may purchase access online, following the links and instructions on the registration sheet. In either case, you will need to know our class ID number in order to log in to our course. This is our MyLabs class ID number: **christensen26705**.
- For interested students, please see this [Career Center Workshops](#) sheet and this [Financial Aid Workshops](#) sheet.
