

## Bus 714 Class Questionnaire

Name:

Is this your first semester at SFSU as a graduate student? If not, what semester is this for you (e.g. second, third, etc.)?

What is your area of study or (if you don't have one yet) your profession(s) of interest?

Please list the other classes you are taking this term at SFSU or elsewhere. I don't need the course number, only the full title of the course itself.

Of those courses you just listed above, please describe below for each one separately what kinds of writing projects you think each class will require from you during the semester.

Describe your past experiences with other college-level writing or critical thinking courses like this one. Please answer these questions about it:

How long has it been since you took your last writing course, and how well did you do in it?

Did you like the course? Why or why not?

What do you think your strengths are as a writer?

What do you think your weaknesses are as a writer?

What do you want from our course, specifically? If you could leave the term with any given skills or sets of academic strategies or knowledge, what would be most useful to you? What can this course offer you that would help you succeed in your other coursework at SFSU?
