

Study Abroad

*Semester in Paris
Fall 2014*

Why Study Abroad?

- We live in a globalized culture and economy, yet it can be difficult to really comprehend the world beyond our borders.
- In order to thrive in the modern workplace you will need to think and act with a global perspective. You will need to understand and collaborate with people from other countries and cultures.
- Now more than ever study abroad is critical to a well-rounded education, and community colleges offer some of the best programs and best value available.
