

UNIT 4 STUDENT QUESTIONS

How to Approach the Annotated Works Cited List and Use of Research Sources

How do I use the sources in this assignment?

Why do we need so many outside sources for our essay?

Why are we annotating the works cited list? (“We shouldn’t have to.”)

How are going to be able to find a music source?

If we can’t find 5 different kinds of sources, can we use more than one of the same type instead?

Is research to be based on same content, or same strategies as my book? Can I look for other sources that deal with different subjects, but same strategies?

How to Approach the Essay

Are we writing about how the writer writes, or why the writer chooses to write that way?

How many strategies should we focus on?

What is the best way to discover what a strategy is?

How do we prove a strategy’s “effectiveness”?

When and where should quotes be inserted? How many quotes do I need?

The assignment prompt

Are there specific questions you’d like us to answer?

Why do we have to write about strategies instead of ideas in the book?

How do I fill up 6 “damn” pages?

Are there student samples directly related to this assignment?

How and when do we ask in depth questions about our work and get your feedback on our skills?
